

The Precipice of the Now

the 15th collection in the
Words Once Spoken
series
Company of the Mantis, 2005

Don't walk through my mind with your dirty feet.

-Saluki

I don't eat anything that can taste me back.

-Ringtop

I've got to go to sleep with this head, you know.

-Soul of McGee

I can't count. That's why I'm in sales.

-NoInCasa

It just makes me want to jig in my thong(s).

-One Funky Mother

We use Ostrich Technology to secure my company. If I can't see you looking through my files, then you're not there.

-Fight Club

Sheesh... MS Word says that's a 'fragmented sentence'. I got your fragment right here, Bill Gates...

-Perspective

He makes Mr. Rogers look like The Punisher.

-Fight Club

I was a better lover when I cared about people.

-The Watcher

It's hard to climb the ladder when you're busy climbing the pole.

-Fight Club

She's a different kind of three-holer.

-Under Discourse

It took a long time to get your infection out of my head.

-Shatterbox

Did you ever notice that Dr. Pepper has a subtle aftertaste of insecticide?

-the dark penguin

Friends are like trees. Some are tall, like the redwoods in California. Some are seasonal, like the ones that are amazing in the fall. But they're all wonderful.

-Fractalito

There's no future in blue collar or pole dancing.

-Fight Club

Some days I just wash up on the shores of jade.

-Shatterbox

You are like the Andes. You don't come across them very often, but when you do, they're huge.

-Fractalito

Ex-stripper, lesbian pre-school teachers give new meaning to Finding Nemo.

-Fight Club

Bikes are like a kid's Doorway to Freedom.

-Gaea

I don't keep track of corporate deaths. That's not my department. **-Loco Motion**

Am I going to another funeral? I guess so. It's a perk of the job.

-Loco Motion

I'm a dollar store whore.

-the acadienne canadienne

Life is always one day at a time. Any more than that would be hard to fit into one day.

-Nomad

Listen, glass bottles are not a sustainable weapon for continued combat use. And I will go on the record with that.

-Nomad

Your new title should be Director of Defensive Marketing.

-Disgruntled Coffee Break

We kind of suck at the by-laws.

-Stan Dard Van Guard

He's a zombie piñata.

-Fight Club

I am anti-butcherling. (On a purely professional, liberal-I-wouldn't-dream-of-judging-you basis, of course.)

-vuurcatalyst

But to your parents, whom you love, and who have helped you so often, you try perhaps hardest not to fall down.

-Ian

I have developed a real fondness for pickles. They are the only vegetable readily accessible in your refrigerator over time, kept fresh by a process I call "pickling".

-Nomad

See, it's just better if I am always thinking about cunnilingus.

-She Who Is The Virtue of Waiting

It's like being a vampire. Like, you die and then... Oh. Wait. No, it's nothing like that.

-She Who Is The Virtue of Waiting

There are only so many dogs you can fit in the front seat of a Honda Civic.

-Chinin Myrrh

He's the worst kind of bad boy - cynical, sardonic and sneeringly disdainful.

-Loco Motion

Well, most risen demons are really chipper.

-Luciano Ballantine

This pistachio nut pudding looks good. Oh. Wait. That's macaroni and cheese.

-Fight Club

Hey, the road to success is paved with failure. But then again, so is the road to failure.

-Loco Motion

I smell dead people.

-Ringtop

I just noticed. Everybody's naming their new babies with last names; especially presidents.

-Geluk

Drunkenness can be beautiful like photography. The snapshot/synaptic-catchup moments can have perceptive intensity that really experiences where you are.

-Mr. Barleycorn

Canada is the shit.

-One Funky Mother

The new tech grenade is also not a sustainable combat weapon when used as designed.

-THE LOVE WARRIOR

My kitty is tickling me.

-KC Capers

That man just injured himself on a pastry.

-Loco Motion

I oscillate between rage, indifference, apathy, and depression. Occasionally, I enjoy myself.

-Heinlein

Yes, except Oregon. They do in fact control the entire world.

-EDUBetterBeGood

I prefer the term "sexual connoisseur" to "pervert".

-vuurcatalyst

This is sort of like a cropduster with a drunk pilot flying backwards... I'm not really sure if it's going to take off.

-Stan Dard Van Guard

Smell you later, housefrau.

-One Funky Mother

He is back-alley hero.

-Hahn

I need a cat. Male. Uncut. Now.

-Oxnard Ramshackle

I've never seen killing quite so thorough.

-Hahn

That pig can MOVE.

-Cartok

You WILL teach me, old man.

-Raven

Black has never been whiter than it is right now.

-The Scarmaster

Laugh it up, swineholt!

-Felix Loman

Chock it up to cultural differences. Hope this five hundred makes it alright.

-Oxnard Ramshackle

I'm not sure what's wrong with me. I woke up even stupider than normal.

-She Who Is The Virtue of Waiting

Wow. It's like a flytrap for business cards.

-Loco Motion

Is it just me, or does it bother anyone else when some old lady is asking you, "Do you take cream with that?"

-THE LOVE WARRIOR

You can have some more lettuce if you eat some more pizza.

-One Funky Mother

I'd like to see if we can enjoy some mutual circadian rhythms during one night cycle.

-Nomad

We don't want to feed the baby till it throws up, but we do want it to grow.

-White Elder

That reminds me of an amoeba I used to know. She split, and said, Hey, it's good for me.

-Nomad

By the time I'd let it cool, it was cold.

-Nomad

That has got to be the worst testicle I've ever gotten my mouth around.

-Agent Peludo

She nosed you like a fine Scotch.

-Nomad

I'm like a monkey with a tool, man.

-THE LOVE WARRIOR

In the land of Bedtimes, I have gone beyond.

-Nomad

An ejaculation does not count as a beat, Brad.

-Geluk

No Brads were harmed in the making of this quote.

-One Funky Mother

Get out of my way, you motherloving piece of goat trash.

-Nomad

Pussy is the lowest common denominator.

-The Scarmaster

Make the beds ready! I shall go get my eyes.

-Nomad

I have a lot pressures. But I have no excuses.

-Heinlein

Bang the wife. Kill the wife. Make up with the husband.
That's what I always say.

-kurtz

It's great when you can wince in any language.

-Nomad

I just don't like bringing strange people to my house. --
How do you know they're strange? You don't know them,
you're just having sex with them.

-KC Capers

It's like, to hell with the baskets, really.

-One Funky Mother

Because you know, some clitorises are not man-shaped.

-Shtuffy

Hey, I'm shimmery.

-Mr. Barleycorn

Prejudices should really be explored rather than just taken for granted.

-vuurcatalyst

His brain is fun to dance around in.

-The Midnight Magician

He's just liberal for the chicks.

-The Midnight Magician

I will say this. Princesses never become queens.

-Shatterbox

I have led a life largely delivered from evil.

-Nomad

I've got to start doing something that pays.

-Loco Motion

My interpretation of New York is a human zoo in a concrete jungle.

-Callcenter Calla

I'm a sucker for trucker drugs.

-Nomad

Never decorate on depression and an unemployment budget. You'll come out with some mystifying shit.

-Nomad

The ladies can't resist the harmonica.

-Cool Fury

All I can say is that it's been one rough fucking year by the Jewish calendar.

-Lawrence

You're quite well-spoken for an American, aren't you?

-The English Girl

I call it "boyfriend residue". You know, like those certain songs; that one garment that you don't know what to do with but can't bear to throw away.

-Special Fruit

Perhaps the process of running abreast of alienation everywhere illustrates something.

-Shatterbox

The boys locker room mentality has just become cell-enabled from the urinal.

-Nomad

The first few seconds of a song determine if it is going to give one the excuse to flee the dance floor.

-Lawrence

I didn't really make it out alive.

-Shatterbox

There is fresh air; even when there isn't.

-Once and Future Mission

He was the sort of guy to feel special for having received Eucharist in the Grand Duomo. It's not like it's that hard. I mean, they're giving out the stuff for free.

-Nomad

The epic just stains everything.

-Shatterbox

You're a hardcore athlete in the sport of pregnancy.

-Nomad

Make them almost all happy.

-Once and Future Mission

The newer one is older.

-the dark penguin

Even pre-butt problems, you still stored a lot of shit in your ass.

-Geluk

There is some peace in seeing this dilemma. Perhaps it accepts the need to let go of dreams, foreseeing clearly never being able to live them out happily.

-Lawrence

Losing love is like driving further and further out of a radio frequency, still trying to hear a crackling song through mixed signals.

-Shatterbox

The cycle is round.

-the dark penguin

Convert work into pleasure.

-Once and Future Mission

I've said it before and I'll say it again. Salvation comes for different people in different places. For some, it's behind the wheel.

-Shatterbox

Popular culture has taught me I can have everything, and believing it has cost me everything I own.

-The Wooly

Sometimes Mommy brings home the metaphorical bacon.

-Nomad

There's no rhythmic shit coming out my ass.

-KC Capers

I got myself a little curiosity about her calapigeosity.

-Echt Niemand

See, it's kind of hard to party and be a Jew.

-One Funky Mother

If I've been viewed 2,552 times by women all over the world and I haven't connected... Well, that's a bad sign, tops.

-Heinlein

After working with hormonal 5th graders 8 hours a day, 5 days a week, I just don't have the time or the patience for any type of emotional-fuckwittage.

-CityGirl

I will be taking care to avoid any glitter injuries before bed.

-vuurcatalyst

I want you to chew my bacca.

-Frida Gretchen Margaret

It's because anything that's fried and has cheese is awesome.

-Likened Cousin, Spice Removed

People say they were scarred by childhood. I have been far more traumatized by my adult life.

-Nomad

Why? There are no why's. We make the why.

-Ian

Screw you, you old goat chaser.

-Jay Dylan the Town Shrinky

He's just trying to masturbate us again. I think I can feel a vague yanking.

-Elric Tremaine, the Nightspider

We won't miss Bennett as much as you think. His skills can be duplicated by Tam and Hatchet...but without the attitude.

-MauChurl

Your guy is praying? You want to cast Bless? You can make it REAL instead of flapping your ass.

-Silvery Sayer

Chill out. Being a rager takes great discipline. With great power comes great responsibility.

-Groklok

What are you, Spiderman?

-Hatchet Sweetfeet

I don't think that an evil character in our party would work well. You really like evil, don't you? I think...don't you think that you are, in your deep soul, evil in real life? What do you think?

-Groklok

All of your words are nothing. They don't mean anything.

-Hatchet Sweetfeet

Well, that's the problem with belief systems. They can be shattered in one chaotic moment.

-Groklok

Oh, deux ex machina! FINALLY!

-Groklok

I'm feeling a hate crime coming on right now.

-Silvery Sayer

In the real world, if you get hit with a machete, there's a moment when you stop and say, "My GOD, I've been hit with a machete!"

-DC Central Zombie Survivor

I've gotta go build a sheep empire this weekend.

-Nomad

I just came back to share your hand with you.

-Fight Club

If you get her naked, I'll feed her.

-Da Tuttle

Those Jews, they're hard to nail down.

-Loco Motion

I mean, you get your hands on a German at about sixteen years old, and you've got your hands full.

-Agent Peludo

We Germans, you know, we pay tribute, but we don't go all the way with those Irish.

-Gwok

Ahh... Everyone remembers their first pepper gas experience.

-Perspective

It was like Saving Private Ryan for girls.

-Heinlein

I try to err on the side of relativism.

-vuurcatalyst

I don't have the time, energy or support to take anti-depressant drugs. So, I will stick with the more readily available and socially acceptable ones.

-Mr. Barleycorn

It's on its way to being a yodel.

-Nomad

You want tickets to the GUN show??? [Insert a kiss to the arm flex here.]

-Zhuici

I just put my tongue in to keep it from coming until it's ready.

-Zhuici

I am torn between alternate worlds of eraser nipples and jungle sex.

-Nomad

Men and women complicate each other because they are exactly the same.

-Zhuici

You know, there's also whiskeyclit. Like, dead fish, okay?

-Zhuici

If there's grass on the plain, it's play ball, you know what I mean?

-Zhuici

Does this make me look dead?

-Nomad

You mean like tag team stalking?

-vuurcatalyst

I accept input as long as you're putting in.

-Nomad

That's Reason Number 178 not to be involved in shady drug deals.

-Stan Dard Van Guard

Wouldn't it be funny if Darth Vader had a coffee mug that said, "Galaxy's Greatest Dad"?

-Electric Boy

My dad conquered the galaxy and all I got was this lousy t-shirt.

-Dynamic

You told me to keep you updated. Just so you know, I am working with my weight integrated buoyancy compensator.

-Nomad

That just goes to show you should never marry a woman who knows too much about temples, huh, Dad?

-Loki's Little Cherub

You're never too small to be shot.

-Loki's Little Cherub

Scars are ripe for the proverb-making.

-the dark penguin

Shtick rocks.

-vuurcatalyst

Mmm...stalkables. what a great term I just coined..

-vuurcatalyst

I just experienced the shocking realization of knowing other people I pretend don't exist have poured over these same words with eyes and mind and imagination enthralled. Books, like the moon, can force you to realize you are entwined to others, no matter where they are.

-Shatterbox

What kind of flowers do you send for a broken dick?

-Java Girl

These are the sorts of things that stick in your mind when you are melting a urinal cake.

-Stan Dard Van Guard

When I have my penis in my hand, it's not a good time to strike up new friendships.

-Stan Dard Van Guard

You don't want to cross paths with the other guy who was shitting when you were.

-Nordic Nonchalance

I'm on antihistamines. I can't be held responsible.

-Soul of McGee

But I forgot I was in America and I'm not Britney spears.

-vuurcatalyst

I just want to make sure... right now... that you are mentally sound.

-Saluki

Tic-Tac. It's like the small guy who will never come, and wants to spend the night.

-Ms. Spy

You can work at love but you can't make yourself fall into it.

-Nomad

It's been a long time since I've been chased by Asians.

-Fight Club

I'm finding that women are... A big disappointment. (Perhaps the feeling's mutual.)

-Nomad

Our new slogan should be: "You've got questions? So do we."

-MeatGrinder Platoon

Belinda Carlisle is a sheep singer.

-the acadienne canadienne

I don't think a sane health care plan and gay rights is terrorism. Yet.

-Nomad

You know. I'm hot, you're hot. And we'll have sex to show we don't care about each other. Just to show you what you're missing.

-Mending Borders

By the way, 2 weeks of vaca is not supposed to mean 2 weeks of cow. I thought I should say so, in case there was any confusion.

-the dark penguin

Watch out or I will sit on your face and I haven't shaved and you won't like it.

-Coc Kim

I was hideous, seriously. You wouldn't let your dog fuck me.

-Coc Kim

By the way. I wish you great luck with your new venture. I'm sure you will make it a success. I only have one question... Who is going to protect me now?

-The Middle Man

I mean... It's nippy outside even when its not nippy outside.

-the acadienne canadienne

I love me my Yoda.

-Misseyes

So this guy was plastered, and he and his buddy go outside and prop their arms up against a barn to pee. And one turns to the other and says, "Hey, can you tell me when I'm done?"

-The Middle Man

I would rather just be with a girl who recognizes that she has emotional needs.

-Nomad

Make-up sex and angry sex are usually two totally different things... Except when makeup sex actually is a transition of the same angry sex. Which is the exception to the earlier rule.

-vuurcatalyst

You don't want to be mesmerized by the bullshit.

-White Elder

Fuck that canoe. It's a metaphor for life.

-35 Tulips

Man cannot live on mudslides and electrocution alone.

-Koala Cat

No, man, it's tough being black.

-Vaughn Masters

I'm not opposed to PDA - I just prefer to be involved.

-The Watcher

Scrotum is a theme.

-ManToy

And then sometimes break-up sex is that rational, reasonable, mature response of both of you realizing it really was best to go your separate ways, but for crying out loud, you're going to miss the sex, so why not just get one more before you're out the door?

-vuurcatalyst

I would say "pay special attention to the balls" because this will be the last time they'll be all yours.

-ManToy's Old Man

Oh, man. I've got carpal tunnel from stacking all my chips.

-That Southern Gentleman

I want my illusions back!

-Two-Who-Pledges

It wasn't good coffee. But it was a good coffee experience.

-Nomad

I'm don't know about that. I think I will let time just flow and see.

-Electric Boy

My daughter just became my George Michael move-buster proxy.

-THE LOVE WARRIOR

I think lust is where it all starts.

-35 Tulips

It's like a meth lab for coffee.

-Cool Fury

Oh, yeah, man. Anytime anybody gets laid, that's a good time.

-Young Bucks of Training

That was a good movie. No impregnating truck drivers, though, which may have been its downfall with the award nominations.

-vuurcatalyst

They called me Master Yoda. I was their master. I didn't like it very much, but I lived to play with them.

-Electric Boy

Cell phones are like urban walkie-talkies.

-Nomad

My new rule is whenever I try something and it makes me want to eat myself, I should probably buy it.

-35 Tulips

The moral of that story is: don't wait on beer.

-the dark penguin

The annoying thing about freedom is the amount of time it takes to make it work to your advantage.

-Nomad

It was a fiesta of implication.

-Perspective

I don't sweat. I hydrate the surrounding terrain.

-Nomad

Ok, your family invented the English language. Before that, we all just stood around and stared at each other.

-Ringtop

Damn. I hoped I was better than your local stalkables.

-vuurcatalyst

I guess things are pretty slow in nunville.

-Agent Peludo

Everything your father says is not worthy of worldwide recognition.

-Gwok

Every landing is a controlled crash.

-White Elder

It's like Sonic for Ramen.

-Nomad

Death by bling. Ouch.

-Cairo

Well, some crazy shit happens when you're drunk.

-35 Tulips

That lighted princess carriage is hideous. It's exactly like Carmen Electra.

-Smoking Democrat

Be careful. Watch out, lady, this wood is soft.

-Saluki

The perfect man would have Prince's and Yoda's mind, Lenny Kravitz's body, and Carlos Santana's and Bob Marley's spirituality.

-Misseyes

It's poker at the insane asylum.

-That Southern Gentleman

Wait. You mean someone has to pay for me to watch?

-Loco Motion

See that? The reflexes of an REM fan.

-Loco Motion

Figured it sounded better than, "Yeehaw, you eStud!"

-Capitalizing Venturist

It would be different if we had an arrangement. But here's the deal. I'm not an everyday guy.

-Mr. Barleycorn

Somebody - light your hair on fire.

-Smoking Democrat

Old, dead, blind and black is very hot right now.

-Nomad

I want a ticket to the Yimmy and Jugs hot tub show.

-Smoking Democrat

Hey. I'm working the jug here.

-Cairo

Yeah, well, I used to be the funny one. Then I married YOU.

-Smoking Democrat

No, I love the actor... but I'm just saying... to me, he acts as a foil to everyone else.

-Mr. Barleycorn

Any more hair on the chest than that and you'd have to do manscaping.

-DB Steve

Evil people only like attack dogs... And cats.

-Geluk

Better to have done it wrong than to have sat on your ass scared of doing it wrong. That's your insurance clause for "everything's possible", don't ya see? Most people don't have the spiritual finances to back that kind of premium.

-Jules 2

Life's a lot like those trains you were telling me about in Holland. You have to remember to be on time for the train to Amsterdam, be ready for getting off at Amersfoort to board for Rotterdam so that you can get off early and reach your destination of Utrecht.

-Jules 2

And, I don't mean no tip-toeing through the tuplips, either.

-Vincent 2

Listen, I've got to go to Parents' Fair Share.

-Novel Ideas

This is my Pavarotti cowboy song.

-Irish Soul Man

I hate it when my appliances talk back.

-Nomad

I'm a little like a sumo - but with a little less belly and a lot less muscle. There are trade-offs.

-Nomad

I'm a sucker for Brussel sprouts.

-35 Tulips

This is my Christ pose. Whaddya think?

-Heinlein

There's always a little IRA in the building.

-Irish Soul Man

I thought it was Irish aerobics.

-Nomad

Hey, you. You're way too married.

-vuurcatalyst

I have a keen sense of the obvious. (And this is just one of those things.)

-She Who Is The Virtue Of Waiting?

I'm gonna fall asleep if I don't start drinking.

-One Funky Mother

It's always like that; you get something out and it's a buttload of incoming.

-She Who Is The Virtue Of Waiting

When I eat at McDonalds, I feel like a new superhero called Captain Sodium.

-Nomad

You know - the serial killer that sounds like a sandwich.

-Fight Club

He's in the complaint business. It's a growth industry.

-White Elder

Ahhhh. Water - nectar of the gods. Well... Maybe not. But it could be the antidote.

-Mr. Barleycorn

Well, did you look, or did you just holler?

-Somebody's Mother

I was a vegetarian for eight years. Then I got hungry.

-35 Tulips

We're all in trouble when the Methodists start revolting.

-Perspective

We want to know to what lengths they went to secure their humiliation.

-Agent Peludo

You know, she's one of those angry underwear models.

-35 Tulips

Man, I never get the credit for things I don't make up.

-The Lesbian And The Straight Guy

You never know when the penguin is listening.

-Jay Dylan the Town Shrinky

You always perk up at The Hooters.

-Da Tuttle

TNT is the beatch, isn't it?

-Gwok

Undead are sort of like pizza. Even when they're bad, they're usually kind of good.

-the dark penguin

It doesn't take that much to invest heavily in India.

-Perspective

I can drink through the whole week if I have to.

-Hothouse

Tater tots are like mobile hash browns.

-Nomad

Not me. I place a high value on idle hands.

-Nomad

What can I say? You evoke clichés.

-hg

I bet no one ever stopped dating you because of the sex, huh?

-Red Researcher

That's good enough... Damn near make a man forget the sticky on his shoes.

-Mr. Barleycorn

Large print giveth, small print taketh away.

-The Midnight Magician

You been busier than a 2-peckered goat.

-The Midnight Magician

No shame in a booster chair, man.

-The Midnight Magician

They all saw what Rock 'n Roll audiology MEANS, my friend.

-The Midnight Magician

Well, you know, you make your bed, you lie in it. I mean eventually you get up and leave, but still...

-The Midnight Magician

It's those damned Euros. They're attacking our culture with that Bob the Builder.

-THE LOVE WARRIOR

That's pretty much my whole philosophy on life - You can drink your way through it.

-Hothouse

Sometimes you had to walk on your hands if you didn't have legs.

-Cool Fury

I'm going to go sit on your couch and let it eat me.

-Henrietta

At some point I decided... If I'm going to feel like such shit doing this, I'm going to be doing this fewer hours per day.

-Loco Motion

What's it matter if I try or not? Hmmm... What would it be like not trying? I never tried not trying.

-Mr. Barley Corn

It turns out that we think I have the "Jumping Frenchman of Maine Disorder".

-THE LOVE WARRIOR

Chicken quotes follow me.

-Soulful Irish

She sucked on my brain cells when she was developing.

-Two-Pints Guvna

No, sorry, you'll have to pick something you don't want for us not to deliver it.

-Jay Dylan the Town Shrinky

I COULD live in a yurt. But I will do with a yurt to visit on occasion.

-The White Dove

From time to time I've been known to pop up and squeeze your inner lobe.

-the dark penguin

That needs to go on my chicken fridge.

-Soulful Irish

Most of the yurts we've looked into (in our yurt shopping) are not house-appealing.

-ManToy

There's nothing worse than getting a duck when you were wanting a chicken.

-Soulful Irish

...So, back to the yurt.

-ManToy

You never forget how to ride a bicycle. It's the same with beer.

-A Sage of Dowd

Proposing is almost like an out of body experience.

-Saluki

You know all guys have this point of drunkenness where we start to sound like sportcasters.

-Jay Dylan the Town Shrinky

People who have babies are great. I mean, you know, they're parents. But have you ever tried to sit down and get through a conversation with these people?

-Nomad

You're NOT the boss of my workshop, DAD.

-Loki's Little Cherub

The closest I get to sitting still and thinking is when I'm driving a long time to somewhere else.

-Nomad

I could explain it, but it would take five years, so just do it.

-Ucitelka the Jazyk Mistress

I feel a sudden new resurgence of The South.

-Nomad

You know, discerning thing about chickens is...

-Soulful Irish

Don't deny the groove thing.

-Down to Earth Countries

Sometimes the infinity of possibility doesn't seem enough.

-Nomad

I'm one of those people who tries to be reliable but isn't.
-Queen of Cups

I'm going into Saluki overload here.
-Nomad

You know you want 'em. And you know they're below the dough.
-Clinton Auctioneer

Oh, that note? At one time it was a week's menu. Then it just became a reminder that I should cook - or at least eat prepossessed frozen food.
-Nomad

It'll be a cold day in hell when I recognize Missouri as a state.
-Perspective

She put cocaine in my massage oil, I'm telling you.
-Nomad

When you are over, you keep forgetting.
-Ian

It came by its wang honestly is what you're saying.
-Nomad

There's a lesson there to keep some of the cheaper stuff around for those female urges... Like to cook something with bourbon.
-Agent Peludo

You can't run over love.
-Shatterbox

Speaking of slapping it around, I get to go to the bathroom.
-Perspective

They actually have this feral pig in a pen with piglets and boars coming over for conjugal visits?
-Perspective

Yeah, they're like the chicken of the trees.
-Nomad

In fact, their whole island's on an island.

-the dark penguin

Puerto Rico is where you go for fish and malls.

-Perspective

You mean in the dining evolution there was no layover at chopsticks or anything?

-LA3

That's my roommate. He's laidback. Very cool. Would sell me out in a minute. Love him.

-Some Guy At Perkins

He is the common man's Hugh Grant.

-Perspective

This whole mission has been rather aimless. Like an Easter Egg hunt back in Hell.

-RRUnited

Dude. Clingy's good in a waitress.

-Perspective

The incense overtakes me.

-Henrietta

I'm sure if you grew something, you'd touch it.

-Nomad

I think drunkards are pretty innocent.

-Henrietta

That's when you take the summer off and DON'T go to Tallequah.

-Geluk

There's good crazy and bad crazy. Surround yourself with good crazy. Don't hang out with bad crazy.

-Henrietta

He already saw it because we're all asses.

-Nickel Weed

It deals with the supernatural in a non-natural way.

-Agent Peludo

I've got to write down these pearls you swine have passed on to me.

-The QuoteKeeper

You even get to take a break from an obsession once in awhile.

-Henrietta

What do I think of her being pregnant? Well, it's great! It'd be awfully hard to have a baby if she weren't.

-Nomad

You can't infect yourself when you're already infected with yourself.

-Ian
